

2023 Maryland Community Theater Festival

Technical Requirements Form

This form must be received by **December 1, 2022.**

Theater Name _____

Title of Production _____

Technical Representative _____

Email: _____ Phone: _____

(The Technical Representative will only be contacted if there are problems with the requirements.)

Please refer to the facility technical information for dimensions and capabilities

Lighting Requirements: Please outline any special requirements beyond a standard general lighting, including any specific areas of focus needed, or special effects lighting. (Any gobos or other effects that are additions to the lighting instruments will have to be supplied by the group.)

Sound Requirements: Please detail any special sound requirements you have, including on-stage sound, microphones, or other sound effects. If you plan on bringing in sound equipment please let us know.

Set Requirements: Please detail any special set requirements you may have. You may include drawings if that will help us understand a special need.
